High-Speed MultiFlex Clamshell Grill

The MultiFlex's versatility is best shown by the 'top heater off' feature allowing a flat surface griddle function. Meal changeover is as simple as switching on the top heater, allowing top surface grilling to create foods like paninis, BLTs, grilled cheese sandwiches and more.

- Suitable for cooking protein.
- Top heater temperatures are independent for product flexibility.
- Top heaters are parallel with the bottom grill surface to perfectly grill thick sandwiches.
- Top heaters can be turned off to use the bottom plate as a flat grill.

- Heavy-duty torsion spring.
- A catch tray and the elimination of hidden grooves and crevices make cleaning and maintenance simple.
- Flat, aluminium plates as standard.
- All models available to order with ribbed or ribbed/flat plates.

ŚiRMAN®

1/1 Induction Buffet Plate

- This highly compact induction plate represents the ideal solution to keep 1/1 gastronorm containers at the desired temperature.
- Thanks to the absence of water, the buffet plate offers high efficiency and precision with thermostatic control from 75°C to 90°C.
- Maintains a constant temperature and eliminates humidity related problems.
- Its compact design means it can be easily moved.

Choosing your cup dispenser...

Sentry® Adjustable Cup Dispensers combine precise 'one-size-fits-all' dispensing with no wear parts to replace and a variety of smart sanitation features. An attractive trim ring prevents customer tampering and patent-pending features like our lifetime dispensing levers prevent cup damage during loading and dispensing.

EZ-Fit® Cup Dispensers feature an innovative gasket that provide precise, yet smooth dispensing, providing a complete seal around the rim of the cup to help prevent cross-contamination. This dispenser also handles the largest range of cup sizes (1/2 oz to 64oz).

Stainless Steel Cup Dispensers are made to last. Constructed from 26-gauge stainless steel, these dispensers are attractive, durable and built to stand the test of time. Patented adjustable collar easily conforms to your cup size.

NO WEAR PARTS

SIMPLE ADJUSTMENT FOR ANY CUP

PAPER, FOAM OR PLASTIC

EZ-Fit® In-Counter Hot Lid Dispensers

Perfect for use in quick service restaurants, convenience stores and food courts. Easy to use and simple to operate, the EZ-fit® hot lid dispenser is your set it and forget it solution.

- One-at-time rubber dispensing gaskets safeguard lids from contamination.
- Reduces lid waste and eliminates messy stacks.
- The in-counter mount can be oriented horizontally or vertically, keeping countertops organised.
- Compatible with a variety of lid shapes and sizes.

In-Counter Lid Dispensers and Box Systems

Stacking lids on your counter not only looks messy; it can cost you money in wasted lids and increase the risk of foodborne illness. EZ-Fit® Lid Dispensers make it easy to clean up your counters and improve your operation with a simple, sanitary lid handling solution. The NB EZ-Fit® Lid Dispenser is intended for use with flat, cold beverage lids only. May not be compatible with all lid types.
